About The Alliance

The Alliance is a not-for-profit, employer-owned and directed health care cooperative that has been successful in helping employer members manage the total cost of their workers' health and well-being for nearly 20 years.

We use the collective role as purchasers of health care to drive transformation and create a market that recognizes and rewards high quality, safe care at an affordable price.

We negotiate directly with hospitals and clinicians on behalf of 180 employer members.
