

## QualityPath<sup>®</sup> Key Concepts & Requirements for Provider Participation

### CT and MRI Program

#### Key Concepts:

- ▶ Steerage to high-quality, low-cost providers.
- ▶ Providers can follow their current claims submission processes.
- ▶ No patient notification is necessary for a CT or MRI test; patients are encouraged to “tell us” via an online form on The Alliance website.
- ▶ Warranty coverage for repeated scans within 30 days offered by the same *QualityPath* designated provider.

#### Provider Requirements:

Provider must apply for all of their locations that offer CT and MRI services.

Ability to accept services identified by The Alliance that would not be covered and generate a separate claim necessary for claim processing.

Ability to recognize *QualityPath* patient and not collect deductible and or co-insurance up front at patient registration.

Ability to recognize *QualityPath* patient and not balance bill the patient and accept the *QualityPath* reimbursement rates.

Be in compliance with quality criteria.
