

Know the quality. Know the costs. Skip the surprises.

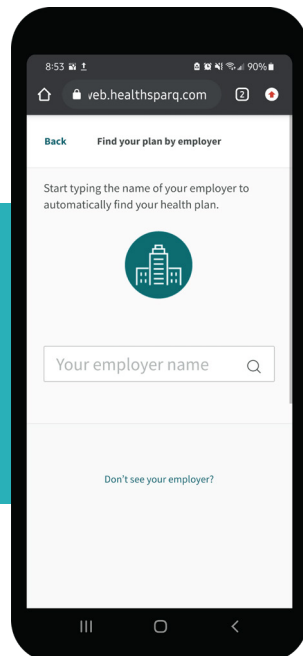

Find a Doctor

Compare and contrast doctors, hospitals, and specialty services with readily available information at your fingertips. **Find a Doctor by The Alliance** is all about ease of access so you can make more informed decisions when it comes to choosing high quality, low-cost care.

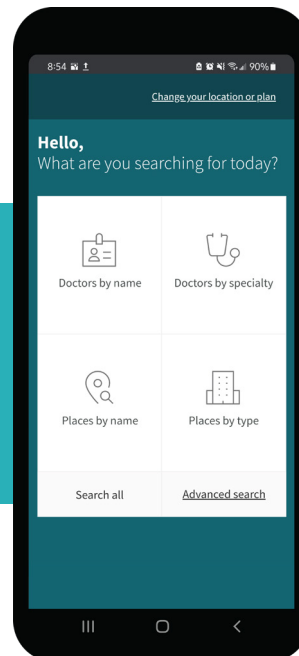

Visit our website

Go to findadoctor.the-alliance.org on your computer or mobile device to use Find a Doctor.

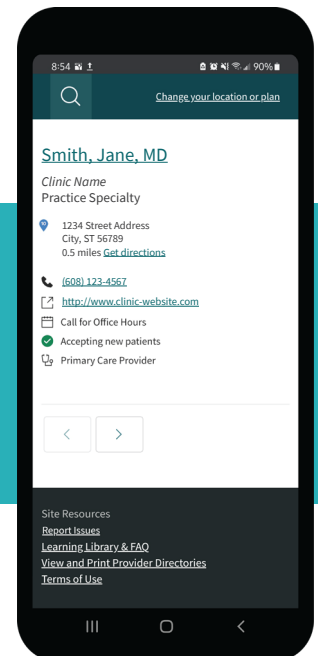

Find your plan

Type your zip code and employer's name to find your plan. (If no plan options include your employer's name, choose The Alliance Comprehensive Network to view our entire network.)

Search for providers

Search by doctor name, doctor specialty, facility name, or facility type.

Review your results

You can compare doctors by location, gender, and languages spoken. You can even find out if they're accepting new patients, are a QualityPath provider, and whether or not they charge facility fees!
