

Cost Management Solutions for Self-Funded Employer Groups

National Cooperative 

At National CooperativeRx, our self-funded pharmacy benefit solution presents deeper discounts, higher rebate returns, and stronger contractual terms than traditional arrangements.

How do our members see big savings? Instead of one member going directly to a PBM, we negotiate one master contract on behalf of our membership as a whole. From there, we customize plan designs to meet members' needs, provide proactive recommendations, and identify additional savings opportunities through our innovative clinical programs. Our unique approach has saved members millions each year. Join National CooperativeRx and take control of your pharmacy benefits.
