

Smarter Networks.SM Serious Savings.

The Comprehensive Network by The Alliance

39,000 providers and counting...

We've partnered with over 39,000 major hospitals, health systems, and physician groups across the Midwest. Using this robust provider pool, we work with our clients to develop custom provider networks (Smarter Networks) that optimize savings and quality.

And because we're never satisfied on our journey towards providing high-value healthcare to our members, we continue to grow, expanding our network to give you even more choice, control, and cost-savings.
